ORDINANCES

ORDINANCE NO. 774-13

AN ORDINANCE ADOPTING AND APPROVING A BUDGET FOR
THE CITY OF PITTSBURG, TEXAS FOR THE FISCAL YEAR
OCTOBER 1, 2013 THROUGH SEPTEMBER 30, 2014.

WHEREAS, the budget for the fiscal year beginning October 1, 2013 and ending September 30, 2014 was duly presented to the City Council by the City Manager in accordance with Chapter 102 of the Local Government Code, and

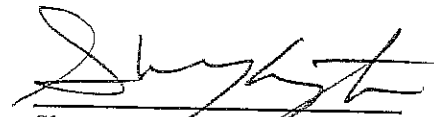

WHEREAS, notice of public hearing upon said budget has been duly and legally made, and

WHEREAS, said public hearing has been held and final consideration given said budget.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PITTSBURG, TEXAS:

That the City Council of the City of Pittsburg does hereby adopt and approve the budget as filed for the fiscal year beginning October 1, 2013 and ending September 30, 2014.

PASSED AND APPROVED on the first and only reading this 9th day of September, 2013.

Shawn Kemington
Mayor

ATTEST:

Margaret Jackson
City Secretary

ORDINANCE NO. 775-13

AN ORDINANCE SETTING THE TAX RATE AND LEVYING A TAX UPON ALL PROPERTY SUBJECT TO TAXATION WITHIN THE CITY OF PITTSBURG, TEXAS, FOR THE YEAR 2013; APPORTIONING SAID LEVY AMONG THE VARIOUS FUNDS AND ITEMS FOR WHICH REVENUE MUST BE RAISED; PROVIDING FOR THE COLLECTION OF TAXES THEREIN LEVIED; ASSESSING PENALTY AND INTEREST FOR THE NON-PAYMENT OF SUCH TAXES WITHIN THE TIME SET; ADOPTING THE PROVISIONS OF SECTION 33.07 OF THE TEXAS PROPERTY TAX CODE TO DEFRAY THE COST OF ATTORNEY'S FEES FOR THE COLLECTION OF DELINQUENT TAXES; AND PROVIDING FOR PUBLICATION.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PITTSBURG, TEXAS;

SECTION 1

That there shall be and the same is hereby levied and shall be assessed and collected for the year 2013 on all taxable property, real, personal and mixed, situated within the Corporate Limits of the City of Pittsburg, Texas and not exempt by the Constitution of the State of Texas and valid State Laws, an ad valorem tax of \$0.528488 on each One Hundred Dollars (\$100.00) worth of property at one Hundred Percent (100%) assessed valuation.

SECTION 2

That the taxes herein levied, when collected, shall be appropriated among the funds and departments of the municipal government of the City of Pittsburg, Texas, for the purposes hereinafter set forth as follows, to wit:

For Maintenance and Operation for the General Fund\$483685
For Payment of Principal and Interest on General Obligation Debt.....\$.044803

THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE.

SECTION 3

That the Chief Appraiser/Tax Assessor and Collector for the City of Pittsburg, Texas, is hereby directed to assess, extend and enter upon the tax rolls of said City, for the year 2013, the amounts and rates herein levied and to keep a current account of same, and when so collected, the same to be deposited in the depository of said City to be distributed in accordance with this Ordinance.

SECTION 4

That the taxes herein levied are payable on or before January 31, 2014. Penalty and interest shall accrue on any unpaid amount thereafter said date in accord with the rates established by the State of Texas.

SECTION 5

That the taxes herein levied are payable in Pittsburg, Texas, at the offices of the Camp County Appraisal District; and that the City shall have available all the rights and remedies provided by State law for the enforcement of the collection of taxes herein levied.

SECTION 6

That the City of Pittsburg, Texas, hereby adopts the provisions of Section 33.07 of the Texas Property Tax Code so that hereafter an additional penalty of fifteen percent (15%) will be imposed on all 2013 taxes, including penalty and interest thereon, that are unpaid and delinquent on July 1, 2014, in order to defray the costs of attorney's fees for the collection of such taxes

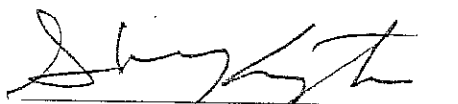

SECTION 7

That all ordinances and resolutions of the City of Pittsburg, Texas, are hereby repealed to the extent that said ordinances, resolutions, or parts of either, are in conflict herewith.

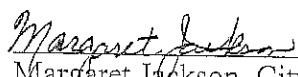

SECTION 8

That publication of this Ordinance after its passage and adoption shall be made one (1) time as provided by the Revised Civil Statutes of the State of Texas.

PASSED, APPROVED AND ADOPTED THIS 9TH DAY OF SEPTEMBER, 2013.

Shawn Kennington, Mayor

DESCRIPTION

The street program provides routine maintenance of city streets, traffic signs, street markers, clearing of right-of-way and street sweeping the downtown area one (1) time a month. This program also provides warning devices for motorists when streets have some hazard associated with the maintenance of them.

The collection and disposal of solid waste is budgeted in the department. This service is contracted to Sanitation Solutions. The city bills the customer on their utility bill.

FUNDING/COMMENTS

- The General Fund and revenue from solid waste collection and disposal fees fund this program.

CITY OF PITTSBURG
ORGANIZATION CHART
PERSONNEL POSITION CLASSIFICATION
AND
COMPENSATION PLAN

CITY OF PITTSBURG
PROCEDURES FOR PAY ADMINISTRATION

INTRODUCTION

These procedures for pay administration apply to all classified employees of the City of Pittsburg. They are adopted in order to provide an orderly and fair system of compensating City employees for their services to the residents of Pittsburg.

TYPES OF POSITIONS

Classified Position. A classified position is an authorized and budgeted position assigned to a job class and to a pay group of the City of Pittsburg Pay Plan. A classified position can be full time, part time, or seasonal, and is for an indefinite duration.

Exempt Position. An exempt position is an authorized and budgeted position for which the pay is set by individual determination. Exempt positions of the City of Pittsburg are (1) the City Manager, City Secretary and City Judge, whose compensation is set by the City Council, and (2) those hourly, part-time, or seasonal positions which, in the judgment of the city manager, should not be placed in a regular classified position.

PAY ADMINISTRATION

Hiring. New employees are hired into classified positions unless specifically exempted. New employees are hired on Step 1 of the pay group to which their position is assigned.

TYPES OF POSITIONS

With the approval of the city manager, an employee may be hired at a pay step above or below Step 1 of the pay group to which his or her position is assigned. An employee will not be hired above Step 1 unless unusually high qualifications or significant experience clearly warrant higher pay.

A new employee, or existing employee being considered for promotion, whose qualifications or experience for the position sought are marginal, may be placed at a step on the pay plan below Step 1 of the pay group for the position. An employee hired below Step 1 will be advanced to Step 1 after a period of probationary employment not to exceed six months. The city manager is authorized to extend the probationary period beyond six months but not to exceed an additional ninety (90) days.

Merit Increases. Merit pay increases may be granted by the city manager or by the city council in accordance with the compensation plan as a reward for those employees demonstrating exceptional or above-average job performance. These merit increases are intended to reward outstanding personnel and are intended to be an inducement to motivate employees in their performance and productivity.

CERTIFICATION PAY. Certification pay is additional pay to police, fire, animal control, public utilities, and other personnel who obtain specific certifications related to their job. Additional pay is not given for a certification designated in the job description as a requirement for the job. The certification level required in the job description is compensated in setting the classification and base pay for the job. Each higher level of certification in a series is inclusive of the previous level unless specifically noted. Certification pay is given for the following certifications:

Longevity Pay. Employees who had completed at least 60 months of

continuous employment with the City on or before October 1 of each year will be eligible to receive a longevity payment of a specified amount for each month of service. Employees will be capped at 120 months (10) years of service. The amount is set by the City Council each year and payment would be made on the first payday in December.

Promotion. A promotion is a change in the duty assignment of an employee from a position in one classification to a higher position in another classification in a higher pay group. A promotion recognizes advancement to a higher position requiring higher qualifications and involving greater responsibility. Promotions are granted on the recommendation of the employee's supervisor and the approval of the city manager.

Demotion. A demotion is a change in duty assignment of an employee from a position in one classification to a position in another classification in a lower pay group. An employee who is demoted will have his or her pay reduced at least to a rate one increment below the rate received before demotion. Demotions are made on the recommendation of an employee's supervisor and the approval of the city manager.

Pay Reduction for Disciplinary Reasons. With the approval of the city manager, an employee's pay for continued performance in the same position can be reduced as a disciplinary measure to a lower step in the pay group for the position or in the next lower pay group. Restoration of the employee to his or her prior rate is upon the recommendation of the employee's supervisor and approval of the city manager.

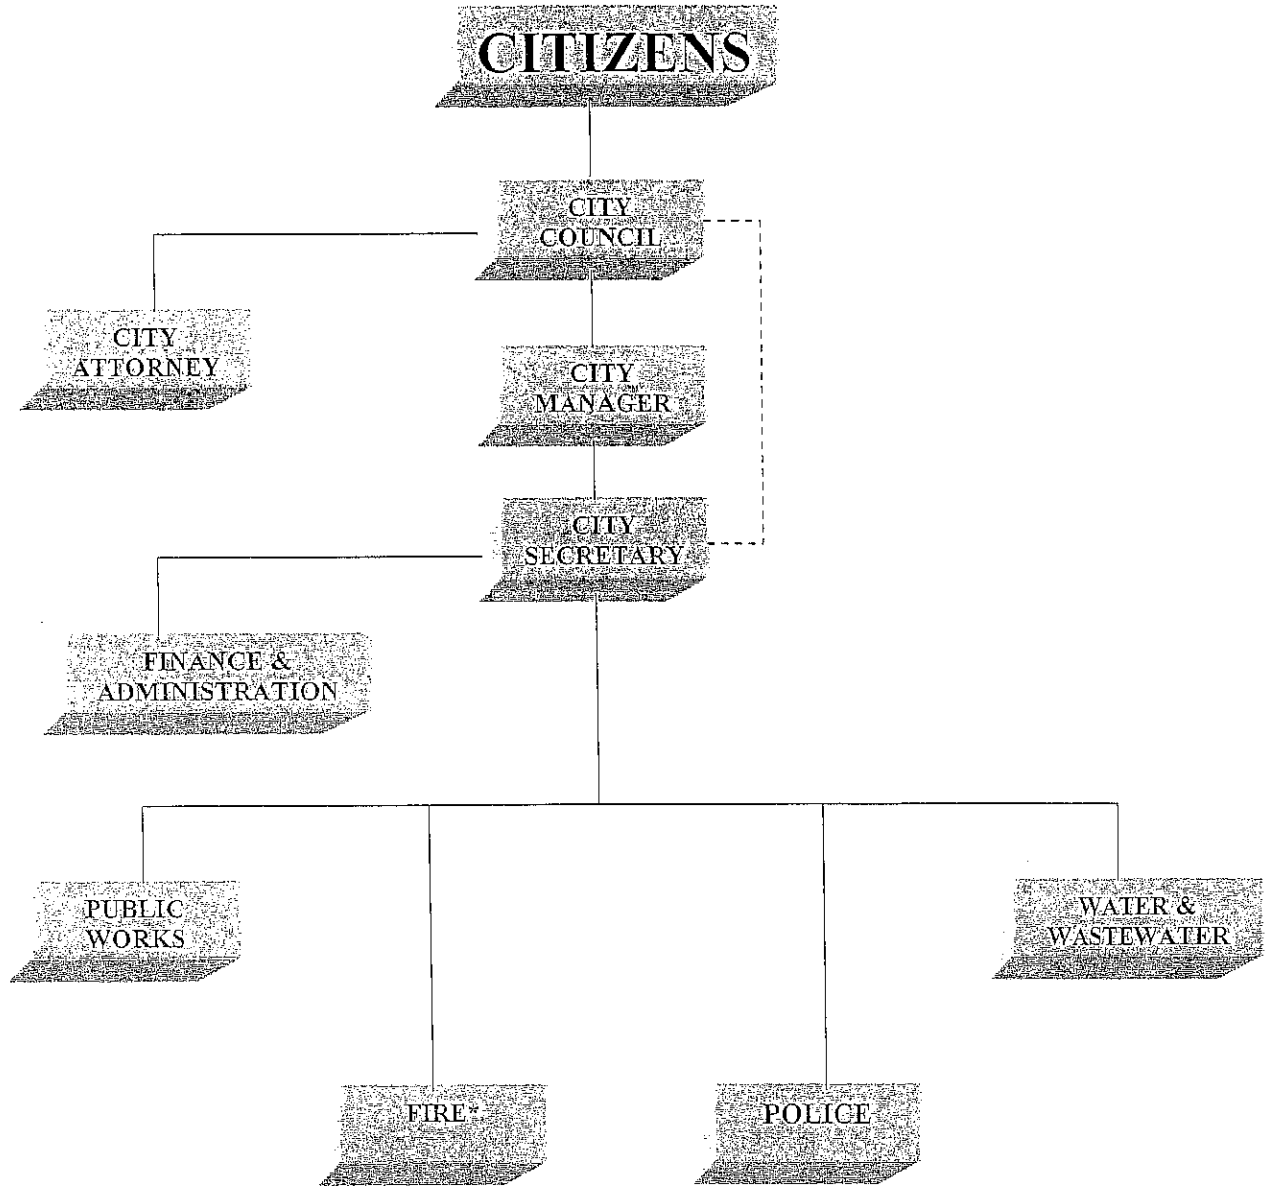

At least annually, the city manager will review this pay plan and recommend changes to the city council.

This review and, where appropriate, recommendations will include:

- Positions to be exempt:
- Reclassification of positions to a lower, higher, or different class based on changes in the duties and responsibilities of the position;
- Reallocation of classes to pay groups if changes in the prevailing rates of pay for certain pay classes have rendered the original placement in a pay group obsolete;
- Percentage changes in the entire pay schedule to adjust pay rates to be comparable with other organizations in the labor market or to recognize changes in the cost of living; and
- The continuing validity of the foregoing procedures for pay administration.

APPENDIX

GLOSSARY

FEE SCHEDULE

BUDGET CALENDAR

CITY OF PITTSBURG

GLOSSARY

ACCOUNT: A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control, or fund balance.

ACCOUNT SYSTEM: The total structure of records and procedures which discover, record, classify and rep information on the financial position and operations of a governmental unit. Sometimes referred to as Chart of Accounts and/or Account Classification System.

ACCOUNTS RECEIVABLE: Amounts owing on open account from private persons, firms, or corporations for goods and services furnished by a governmental unit (but not including amounts due from other funds of the same governmental unit).

AD VALOREM: In proportion to value. A basis for the levy of taxes upon property.

APPRAISAL: (1) The act of appraising. (See Appraise.) (2) The estimated value resulting from such action.

APPRAISE: To make an estimate of value, particularly of the value of property. Note: If the property is valued for purposes of taxation, the less inclusive term "assess" is substituted for the above term.

ASSESSED VALUATION: A valuation set upon real estate or other property by a government as a basis for levying taxes.

ASSESSMENT: (1) The process of making the official valuation of property for purposes of taxation. (2) The valuation placed upon property as a result of this process.

AUDIT: The examination of documents, records, reports, systems of internal control, accounting and financial procedures, and other evidence for one or more of the following purposes:

- (a) To ascertain whether the statements prepared from the accounts present fairly the financial position and the results of financial operations of the constituent funds and balanced account groups of the governmental units in accordance with generally accepted accounting principals applicable to governmental units and on a basis consistent with that of the preceding year.
- (b) To determine the propriety, legality, and mathematical accuracy of a governmental unit's financial transactions.
- (c) To ascertain whether all financial transactions have been properly recorded.
- (d) To ascertain the stewardship of public officials who handle and are responsible for the financial resources of a governmental unit.

BOND: A written promise, generally under seal, to pay a specified sum of money, called the face value or principal amount, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. Note: The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BONDED DEBT: That portion of indebtedness represented by outstanding bonds.

BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

BUDGET MESSAGE: A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the governmental unit's experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

BUDGETARY ACCOUNTS: Those accounts, which reflect budgetary operations and condition, such as estimated revenues, appropriations, and encumbrances, as distinguished from proprietary accounts.

CAPITAL OUTLAYS: Expenditures which result in the acquisition of or addition to fixed assets.

CASH: Currency, coin, checks, postal and express money orders, and bankers' drafts on hand or on deposit with an official or agent designated as custodian of cash and bank deposits.

CHART OF ACCOUNTS: The classification system used by a city to organize the accounting for various funds.

CONTINGENT FUND: Assets or other resources set aside to provide for unforeseen expenditures or for anticipated expenditures of uncertain amount. Note: The term should not be used to describe a reserve for contingencies. The latter is set aside out of the fund balance of a fund but does not constitute a separate fund. Similarly, an appropriation is not a fund.

CURRENT: A term which, applied to budgeting and accounting, designates the operations of the present fiscal period as opposed to past or future periods.

CURRENT BUDGET: The annual budget prepared for and effective during the present fiscal year.

CURRENT FUNDS: Funds the resources of which are expended for operating purposes during the current fiscal period. In its usual application in plural form it refers to General, Special Revenue, Debt Service, and Enterprise Funds of a governmental unit. In the singular form, the current fund is synonymous with the general fund. Also see General Fund.

DELINQUENT TAXES: Taxes remaining unpaid on and after the date on which a penalty for nonpayment is attached.

ENTERPRISE FUND: A fund established to finance and account for the acquisition, operation, and maintenance of governmental facilities and services which are entirely or predominantly self supporting by user charges.

EQUIPMENT: Tangible property of a more or less permanent nature (other than land, buildings, or improvements other than buildings) which is useful in carrying on operations. Examples are machinery, tools, trucks, cars, furniture and furnishings.

ESTIMATED REVENUE: For revenue accounts kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

EXPENDITURES: Where the accounts are kept on the accrual basis or the modified accrual basis, this term designates the cost of goods delivered or services rendered, whether paid or unpaid, including expenses, provision for debt retirement not reported as liability of the fund from which retired, and capital outlays.

EXPENSES: Charges incurred, whether paid or unpaid, for operation, maintenance, and interest, and other charges which are presumed to benefit the current fiscal period.

FISCAL PERIOD: Any period at the end of which a governmental unit determines its financial position and the results of its operations.

FISCAL YEAR: A twelve-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations.

FIXTURES: Attachments to buildings that are not intended to be removed and which cannot be removed without damage to the latter. Note: Those fixtures with a useful life presumed to be as long as that of the building itself are considered a part of such a building; all others are classified as equipment.

FRANCHISE: A special privilege granted by a government permitting the continuing use of public property, such as city streets, and usually involving the elements of monopoly and regulation.

FUNCTION: A group of related activities aimed at accomplishing a major service or regulatory program for which the city is responsible. For example, public safety is a function.

FUND: An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

GENERAL FUND: A fund used to account for all transactions of a governmental unit, which are not accounted for in another fund. Note: The General Fund is used to account for the ordinary operations of a governmental unit, which are financed, from taxes and other general revenues.

GOAL: A statement of broad direction, purpose or intent based on the need of the community. A goal is general and timeless; that is, it is not concerned with a specific achievement in a given period.

GRANT: A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specified function (for example, public safety), but it is sometimes also for general purposes.

NOTES PAYABLE: In general, an unconditional written promise signed by the maker to pay a certain sum in money on demand or at a fixed or determinable time either to the bearer or to the order of a person designed therein.

ORDINANCE: A formal legislative enactment by the council or governing body of a municipality. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies. Note: The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

PROGRAM: A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the city is responsible.

RESERVE FOR REVENUE BOND DEBT SERVICE: A reserve in an Enterprise Fund which represents the segregation of a portion of retained earnings equal to current assets that are restricted to current servicing of revenue bonds in accordance with the terms of a bond indenture.

RESOLUTION: A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute. Also see Ordinance.

RETAINED EARNINGS: The accumulated earnings of an Enterprise or Intergovernmental Service Fund which have been retained in the fund and which are not reserved for any specific purpose.

SURPLUS: The excess of the assets of a fund over its liabilities; or if the fund has other resources and obligations; the excess of resources over the obligations.

TAX LEVY ORDINANCE: An ordinance by means of which taxes are levied.

TAX RATE: The amount of tax levied for each \$100 of assessed valuation.

TAXES: Compulsory chargers levied by a governmental unit for the purpose of financing services performed for the common benefit. Note: The term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as, for example, water and sewer charges.

TAXES RECEIVABLE-CURRENT: The uncollected portion of taxes which a governmental unit has levied, which has become due but on which no penalty for nonpayment attaches.

TAXES RECEIVABLE-DELINQUENT: Taxes remaining unpaid on and after the date on which a penalty for nonpayment is attached.

UNAPPROPRIATED BUDGET SURPLUS: Where the fund balance at the close of the preceding year is not included in the annual budget, this term designates that portion of the current fiscal year's estimated revenues which has not been appropriated. Where the fund balance of the preceding year is included, this term designates the estimated fund balance at the end of the current fiscal period.

USER CHARGES: The payment of a fee for direct receipt of a public service by the party benefiting from the service.
